

ROUTES DU BONHEUR Argentina and Chile, along the Andes Mountains

Imagine passing through the Andes, an epic landscape spanning more than 3,000 miles/5,000 kilometers. Between Argentina and Chile, explorers discover a world as mountainous as it is desert-like. On the Argentinian side, the Andes offer gentle slopes and a palette of pale pink. In the evening, you can admire magnificent sunsets reflected on the mountainsides. Passing across to the Chilean side, the mountains are crisscrossed by rivers flowing toward the Pacific Ocean. Amid all this astonishing natural beauty are our Relais & Châteaux properties.
